## Firey surprise for my class

On Thursday (8<sup>th</sup> October 2020) I saw a fearsome baby dragon in my class (Oak class)

I heard a noise coming from Miss Wilson's cupboard while I was learning English. I was astonished about what I saw. It was a ruby red dragon with golden spikes.

"It's amazing" I exclaimed. Miss Wilson said it will eat children. "What type of dragon is it" I asked.

This is an incredible discovery because non other in the history of time has been this exiting. A wave of fear and excitement went through me.

Currently the dragon is in Oak class. Me and my class are going to make sure that the dragon is happy and healthy.
