## Dangerous surprise for Oak

Last week Oak class found a dragon in Miss Wilson's cupboard.

Oak class was in the middle of English when the shining red dragon caught Miss Wilson eye. "I thought it was a peacock." Miss Wilson commented.

Dragons existed many years ago and people didn't know dragons were real so how is a dragon in Liss?

Mrs Myers is looking after the dragon but it might breath out fire sparks and set the school on fire. Then a

fire alarm will go on so everybody has to get out of the school. then a fire alarm will set on so everybody has to go to the playground!
